PROFILE

Vipul Negi is a dedicated and motivated BCA student with a strong passion for web development. Throughout his academic journey, he has gained valuable experience and expertise in various programming languages such as HTML, CSS, JavaScript, and Java. He also has proficiency in using GitHub for version control and collaboration. Vipul has successfully completed a range of projects including website clones, personal portfolio websites, a calculator, and a TikTok game. These projects highlight his skills in web development and showcase his ability to create innovative and functional solutions. With a keen eye for detail and a commitment to continuous learning, Vipul is a valuable asset to any team.
